Myth: Mission work is almost completed.

- b. People Group: a significantly large sociological grouping of individuals who perceive themselves to have a common affinity for one another because of their shared language, religion, ethnicity, residence, occupation, class or caste, situation or combination of these.
- c. Unreached People Group: a people group among which there is no indigenous community of believing Christians with adequate numbers and resources to evangelize this people group without outside (cross-cultural) assistance.

- b. This is where 3 large religious blocks of unreached peoples are mainly found: Islam, Hinduism, Buddhism
- c. The poor are there.

- D. Nearly Half the World's Population is Poor

Myth: There's so much need here, I can't go

Today:

- Approximately 35,000 children age four and under will die of hunger & hunger related diseases (& every day) - Pulse, Dec 19, 1997

Each Year:

- 250,000 children will become permanently blinded this year for lack of a 10 cent vitamin A capsule or a daily handful of green vegetables.
- 230,00 children are struck by polio because they do not receive the immunization, which has virtually eliminated polio in the West.

In Our World:

- There are 100 million children living in the streets of the cities around the world.
- There are nearly one billion people who are defined as “the absolute poor,” whose existence is characterized by malnutrition, illiteracy, and disease and is beneath any reasonable definition of human decency.

Myth: Missionaries destroy culture

⇒ **VI. The Challenge of Crossing Culture**

- A. Cultural Imperialism – imposing our culture on others
- B. Our Answer

- a. Yes, but missionaries have done greater good
- b. Some elements in culture need to change
- c. Cultures are in a constant state of change

- C. Ethnocentrism
- D. Cultural Sensitivity

- 1. Identification
- 2. Contextualization: Presenting the gospel in ways which consider the world view of the local culture. Adapting the Biblical message into forms that are true to the Scriptures but appropriate to the local culture.

⇒ **VII. Missions involves Cross-Cultural Evangelism and Church Planting**

The goal is to see a church planting movement begun in every people group.

“An estimated 75 percent of the world’s non-Christians find themselves in unreached people groups. That means that over two billion individuals for whom Christ died will not hear of His love unless someone follows the call of God, leaves their own culture, learns a new language, eats new food, adjusts to a new lifestyle, loves new peoples who may appear unlovely, and shares the gospel message with them. This is mission, pure and simple. The age of missions is far from over. On the contrary, cross-cultural service for Christ is the most massive & most exciting challenge for Christians today.” Peter Wagner
