

Deuteronomy

a 4-week class
with Cathy Treyens

"The God of the Old Testament is mean, while the God of the New Testament is nice." "The Old Testament is about 'law', while the New Testament is about 'grace'". These misconceptions are dispelled in the book of Deuteronomy, and understanding Deuteronomy helps the Bible reader understand the rest of the Old Testament. Explore the heart of God as He gives Israel its civil laws as it prepares to enter the Promised Land. Because of its excellent and thorough notes, the NIV Study Bible is the required Bible for this class.

Prerequisites: Introduction to the Bible.

Recommended: A working knowledge of Genesis and Exodus.
